

# Oat crown rust samples to support Australian research

## Sample submission guidelines

- Please send either i) one ~10cm dried leaf segment or ii) five to ten dried stem segments (avoiding nodes) in a paper envelope, do NOT seal with tape, staples, or glue, just use the envelope flap to close
- Pack different samples in separate envelopes
- Indicate which submission form belongs to what envelope(s)
- Pack sample envelopes and sample submission forms into larger envelope and express post to:

**Dr. Melania Figueroa**
